Gunpowder Green

The name 'gunpowder' comes from the shape of these green tea leaves when they've been rolled - tightly wrapped pellets, like old fashioned gun shot. Experience a beautifully delicate green tea with a wonderful thirst quenching taste, a cup of gunpowder green tea will brighten up even the greyest of afternoons.

Mango

Our Decaf Mango black tea combines the natural citrusy quality of premium Ceylon black tea with the flavour of perfectly ripened mangoes. Juicy texture, creamy-dry finish with great floral aromatics and candy sweetness. A gentle, natural decaffeination process retains the delicate shape and flavour of the tea leaves.

Rose Congou

Rose Congou Superior is a delightfully refreshing black tea highlighted with the delicate scent of freshly cut roses and is layered 5 times with rose petals which gives the tea its delicate character. Natural oils are used in the process and freshly cut rose petals are added for visual effects. A delicious tea which is worth drinking!
